# SAFETY<sup>®</sup>

## ABOUT US

- STANLEY SAFETY specializes in manufacturing of safety products with state of art, fully automated and computerised machines and imported moulds.
- The facility spreads over 1 acre of land with over 100 skilled employees committed towards better protection for people.
- To sustain and surpass this commitment, we consistently invest in the necessary resources and maintain close communication with our partners to meet the changing requirement.
- Our resources investment includes working closely with supplier on new product innovation and developments. This has made possible products that suit Indian physiological profile with consideration on fitting, comfort, liking and condition of tropical climate.
